

# Southern Marine Asbestos Ltd

Asbestos Surveys & Removals worldwide

A division of Southern Group UK Ltd

## Welcome

Southern Group UK's fully Licensed Asbestos Removal Division has been licensed consecutively for over 25 years by the UK Health & Safety Executive.

We have a wealth of experience and knowledge and are specialists in the survey, removal, and encapsulation of all types of Asbestos Containing Materials from a wide range of vessels and installations.

All projects are managed in accordance with UK HSE legislation, approved codes of practice and guidance in relation to worldwide location.

We specialize in conducting our asbestos surveys and/or removal works whilst your vessel is under sail, enabling you to minimise disruption.

This sector of asbestos removal can be very challenging; however we have the infrastructure to deliver the most demanding contracts whilst maintaining budget and programme.

We pride ourselves on our fast response to customer requirements, safe work practices and professional standards..

Fully insured worldwide with QBE
